

山形大学・仏・伯 先端高分子化学シンポジウム in 米沢

- 主催 日本接着学会東北支部
- 共催 東北ポリマー懇話会、繊維学会東北北海道支部、日本化学会東北支部
- 協賛 高分子学会東北支部
- 日時 平成 27 年 6 月 4 日(木) 13:05~16:55
- 会場 山形大学工学部百年記念会館セミナールーム

13:05-13:10 Opening Remarks: Atsushi NARUMI (Yamagata University)

13:10-13:25

Redouane BORSALI (CERMAV-CNRS, France)

"Introduction of CERMAV-CNRS"

13:25-13:55

Hideharu MORI (Yamagata University)

"Amino Acid-Based Polymeric Assemblies with Stimuli-Responsive Properties"

13:55-14:25

Noémie BALLOT (CERMAV-CNRS, France)

"GreeNanoFilms European Project towards Innovative Bio-electronic Materials & Devices"

Break 14:25-14:40

14:40-15:10

Tomoya HIGASHIHARA (Yamagata University)

"Synthesis and characterization of well-defined polythiophenes and their derivatives with narrow molecular weight distribution"

15:10-15:40

Yoko OTSUKA (CERMAV-CNRS, France)

"Synthesis and Self-Organization of P3HT-*b*-Maltoheptaose Block Copolymers for Photovoltaic Application"

Short Break 15:40-15:50

15:50-16:20

Edvani Curti MUNIZ (Maringa State University, Brazil)

"Developing polymeric materials with potential applications in medical, pharmaceutical and tissue engineering areas"

16:20-16:50

Jiro KUMAKI (Yamagata University)

"Visualization of Polymer Chain Structures by AFM Using Their Two-Dimensional Films"

16:50-16:55 Concluding Remarks: Seigou KAWAGUCHI (Yamagata University)
